Learning Together for a Better Future

7/6/19

Welcome back from the extended Whitsun break as we enter into our very busy final half term of the school year. This week we celebrated Eid with parties in every class. Each phase made some kind of delicious treats, from biscuits to pancakes and I even had some very tasty vermicelli made by the reception children. It was lovely to celebrate with some parents too in the afternoon.

Ms Miles has returned after her maternity leave, but it is only a short stay as she has decided to go on an adventure and work in Thailand after we break up July.

On Thursday four head gardeners went with Ruth to the Grosvenor House Hotel to attend the London Produce Show. They tasted lots of different fruits and vegetables, including avocado ice-cream, which was much nicer than expected! We were invited as runners-up in a competition to design labels for fruit and vegetables. We received a huge basket of fruit as a prize and cooking and gardening golden clubs were able to sample lots of different fruits and use the produce to create fruit kebabs.

Please can I remind parents that as the weather warms up children will be ridding themselves of their jumpers and cardigans during the day. If they are not named there is no likelihood of us reuniting with them with their owners so please try to label them - a Sharpie pen works well.

Another reminder: please make sure you have our APP on your phone as we are sending out messages on it frequently. Look for the Schudio Schools app in your app store, select Chisenhale and make sure you adjust your setting so you are alerted when a message is sent out.

Also, look out for a letter about our up-coming Soccer Aid Event.
Enjoy the weekend, **Sharon Taylor-Sezgin**

Fantastic free maths resource

During Maths Week London (next week) parents can get a free pack of the FunKey Times Tables cards, a huge help with supporting your child to learn their times tables. All parents have to do is visit the Maths Week London website

<https://www.mathsweeklondon.org/resources/parents/> before midnight on Friday 14th June and find the parent section. FunKey Maths are resource number 12 on that page. If parents follow the link to FunKey Maths website, and put in the code LONDON, then they get a free pack. Absolutely nothing to pay. Too good to miss!

Library books

Please have a look around at home to see if you have any school library books. All of them will have a sticker on the spine, making them easy to spot. After half term children will not be able to take out any new books if they have unreturned books as we would like all the books back before the summer holidays.

Silent Disco Back After Popular Demand!

CHISENHALE SCHOOL
**POP UP
RESTAURANT
&
BAR**
